

# Fully Equipped

# H715

DATA SYNC

# HX715

## Powerful

Due to its high airflow, this unit is perfect for the use of air driven powerheads and to vacuum very large surfaces.

## Intelligent\*

Featuring our unique and exclusive DataSync technology, this model allows the selection of four power levels; signals when to change the bag or empty the canister; and even indicate when mechanical maintenance is recommended. All this information is available on the front of the unit, and simultaneously on the hose handle, right at your fingertips!

Save up to **20% energy** and prolong your motor's life with the lower power levels.

## Quiet

Acoustic foam and rubber components soundproof all our units.

## Hygienic

Our unique and exclusive carbon dust filtration system<sup>1</sup> captures that fine black dust produced by the motor, and usually deposited on surfaces surrounding your vacuum unit.

## Convenient

Like most of our models, you can use this vacuum unit with or without a bag, at any time! Just remove the bag and the bag adaptor, and the self-cleaning filter of your central vacuum will do all the work!

## Non-allergenic

All our models are equipped with a Cyclofiltre™ that has been provided with an antimicrobial treatment, so as to prevent the growth of mold, bacteria, and fungi that may be associated with allergies.

H715   HX715	ACYHX715A   ACYHX715A
Water lift (H <sub>2</sub> O)	157.1" / 3991 mm
Airwatts	655 AW
Air flow	112 CFM / 191 CMH
Decibels	65 dB
Amps MAX	14.6 A
Voltage	120 V
Number of motors	1
Turbines per motor	3
Bag capacity	5 gal US / 22 l
Canister capacity	5.3 gal US / 23.3 l
Height	40" / 101.6 cm
Diameter	14.1" / 35.8 cm
Weight	31.8 lb / 14.4 kg
Principle	Hybrid filtration
Filtration	Bag or self-cleaning filter + carbon filter
Warranty parts <sup>2</sup>	up to 15 years or 750 hrs
Warranty labor <sup>2</sup>	5 years
